

# XN BUSINESS TRAVEL INSURANCE

In today's global economy, business travel is an essential tool for internationally active organizations.

However, at least one-third of all business travelers experience an illness or injury while on international business and domestic health insurance plans often only cover emergency care abroad and not emergency evacuation cost. XN Business Travel Insurance, a group supplemental health insurance program provides online knowledge tools that help members identify, access and pay for quality healthcare services all around the world. Executives can travel safely and securely with the peace of mind that XN provides.

## COVERAGE FEATURES

- Emergency medical: up to \$250,000 per injury/sickness per lifetime;
- AD&D insurance: \$100,000 per member;
- Contracted international medical network consisting of 29,000 providers in 150 countries;
- International network of credentialed hospitals and doctors;
- In-patient medical monitoring and case management support;
- 24/7 toll-free multilingual customer service and assistance;
- Coordination of emergency evacuation, repatriation and medical support with assistance provider;
- Direct billing agreements with hospitals and clinics worldwide;
